GENERAL ADVISORY COMMITTEE
ON ARMS CONTROL AND DISARMAMENT
Washington, D.C. 20451

Established by the Arms Control and Disarmament Act of Sept. 26, 1961

25

Dear Bruce,

X1

I write to confirm my telephone query whether [   ] Technical Advisor to the Committee, and I might be briefed in some detail about the National Indications Center and about the present and projected capabilities of satellite and other advanced reconnaissance and warning systems.

25

I have found in my work with the Committee that it is important to have at one's fingertips a complete and precise knowledge of these efforts both in order to provide the Committee with instant information and so as to be able to know what resources the Committee may be able to call upon.

If something might be arranged on two separate days next week, that would be most convenient to our present schedule. With many thanks, I remain

Sincerely,

25

Staff Director

X1

Director for Strategic Research,
Central Intelligence Agency,
Langley Headquarters.
